

AGRO • 17 FORESTRY

THE THIRD NATIONAL AGROFORESTRY CONFERENCE, NOVEMBER 16-17,
SWEDISH UNIVERSITY OF AGRICULTURAL SCIENCES, ALNARP, SWEDEN

Program

Thursday, November 16th

- 09.30** **Registration and coffee**
- 10:00 - 14:00** **Plenary session - Lecture hall (Aulan)**
Moderator: Emilia Rekestad, Ecology & Health: Hosting learning and process within the context of sustainability
- 10.00** **Welcome and introduction**
Håkan Schroeder, Dean at the Faculty of Landscape Planning, Horticulture and Crop Production Science, Swedish University of Agricultural Sciences
Erik Steen Jensen, Professor at the Department of Biosystems and Technology, Swedish University of Agricultural Sciences
Johanna Björklund, Board member in Agroforestry Sverige and Senior Lecturer at the School of Science and Technology, Örebro University
Anna-Maria Myszka-Gustafsson, Swedish Green Party and 1st vice president in Scania Regional Council
- 10.40** **Agroforestry in Europe – Practice, research and policy**
Paul Burgess, Reader in Crop Ecology and Management at Cranfield University, UK and coordinator of the EU AGFORWARD project (2014-2017): AGroFORestry that Will Advance Rural Development
- 11.00** **Innovations and cooperation for development of agroforestry in Europe**
Karin Eksvärd, coordinating expert in the European Innovation Partnership Agri's focus group on Agroforestry and Process manager at Inspire Action&Research
- 11.20** **Agroforestry in Sweden and Europe – Practice and research**
Practice: Kjell Sjelin, Farmer at Hånsta Östergårde, Vattholma
Research: Johanna Björklund, Senior Lecturer at the School of Science and Technology, Örebro University and Erik Steen Jensen,

Professor at the Department of Biosystems and Technology, Swedish University of Agricultural Sciences

- 12.00 Lunch**
- 13.00 Agroforestry in Asia, Latin America and Africa – Practice, research and policy**
Asia: Ingrid Öborn, Regional co-ordinator for Southeast Asia, World Agroforestry Centre (ICRAF) and Professor at the Department of Crop Production Ecology, Swedish University of Agricultural Sciences
Latin Amerika: André Goncalves, Professor in Agroecology at Instituto Federal Catarinense and Technical Advisor at Centro Ecologico, Brazil
Africa: Henrik Brundin, Deputy Chief Executive Officer, Vi-skogen and Board member in Agroforestry Network
- 14.00 - 16.00 Open forum with mingle and poster session**
Moderator: Emilia Rekestad, Ecology & Health: Hosting learning and process within the context of sustainability
- 16.00 - 18.00 Parallel sessions (including coffee)**
- 19.00 Dinner and music with agroforestry theme at Loftet, Alnarp**

Friday, November 17th

- 08.30 - 10.00 Parallel sessions**
- 10.00 Coffee**
- 10.30 - 12.00 Parallel sessions**
- 12.00 Lunch**
- 13.00 – 15.00 Plenary session - Experience from the conference and how do we proceed? - Loftet**
Ecology & Health: Hosting learning and process within the context of sustainability
- 13.00 Future of agroforestry - Visions in a global perspective**
Ingrid Öborn, Regional Coordinator for Southeast Asia, World Agroforestry Centre (ICRAF) and Professor at the Department of Crop Production Ecology, Swedish University of Agricultural Sciences
- 13.15 Panel on the future development of agroforestry in a Swedish and European perspective**
Paul Burgess, Reader in Crop Ecology and Management at Cranfield University, UK and co-ordinator of the EU AGFORWARD project (2014-2017): AGroFORestry that Will Advance Rural Development

Karin Eksvärd, co-ordinating expert in the European Innovation Partnership Agri's focus group on Agroforestry and Process manager at Inspire Action & Research

Kjell Sjelin, Farmer, Hånsta Östergärde, Vattholma

Francois Warlop, Co-ordinator of the SMART PROJECT, Agronomist, Research Group for Organic Farming, Avignon, France

Erik Steen Jensen, Professor at the Department of Biosystems and Technology, Swedish University of Agricultural Sciences

Thorsten Rahbek Pedersen, Head of the Advisory Unit South at the Swedish Board of Agriculture

14.30 – 15.00 End

Parallel workshops sessions – contents

Session 1 – Thursday, November 16th 16.00 -18.00

1. Agroforestry - sustainable and possible for farming in temperate areas (in English) - Loftet

Moderator: Sara Furenhed, Advisor in organic production at the Swedish Board of Agriculture

Presentations:

- Francois Warlop, co-ordinator of the SMART PROJECT: Agroforestry systems using fruit trees and vegetables in France, Agronomist, Research Group for Organic Farming, Avignon, France
- Annevi Sjöberg, Author and grower and Philipp Weiss, Author and grower at Puttmyra Forest garden, Permakultur Stjärnsund
- Oscar Franzén, Swedish co-ordinator for the EU-project Strategies for Organic and Low-input farming to Mitigate Climate Change (SOLMACC)

2. The role of agroforestry in the global Agenda 2030 – examples of policies and implementation in different context (in English) – Grodden

Moderator: Karin Höök, Senior consultant, expert agriculture and environment, at NIRAS, Agroforestry Sverige and Agroforestry Network

Presentations:

- Ingrid Öborn, Regional co-ordinator for Southeast Asia, World Agroforestry Centre (ICRAF) and Professor at the Department of Crop Production Ecology Swedish University of Agricultural Sciences
- André Goncalves, Professor in Agroecology at Instituto Federal Catarinense and Technical Advisor at Centro Ecologico, Brazil
- Examples of policies and implementation in Africa (tbc)
- Examples of policies and implementation in Europe (tbc)

3. Urban agroforestry systems (in English) – Sunnan

Moderator: Christina Schaffer, Lecturer at Stockholm University

Presentations:

- Ellen Almers, Researcher at the School of Education and Communication, Jönköping University

- Dan Melander, Project manager, Stadslandet Göteborg
- Jonathan Stoltz, PhD student at the Department of Physical Geography, Stockholm University (tbc)
- Margareta Stuguland, Grower, teacher and activist for urban forest gardens in Stockholm (tbc)

Session 2 – Friday, November 17th 8.30-10.00

- 4. Fäbodrift (summer farms) – resource survey of excellence work in forest and mountain areas (in Swedish) – Grodden**
Organized by Fäbodföreningen - Swedish Summer Farm Association,
Presentations:

 - Yngve Rekdal, Researcher, Norsk Institutt for Bioøkonomi (NIBIO) Norway
- 5. Multi-functional landscapes and food security in practice (in English) - Loftet**
Moderator: Ingrid Öborn, Regional co-ordinator for Southeast Asia, World Agroforestry Centre (ICRAF) and Professor at the Department of Crop Production Ecology Swedish University of Agricultural Sciences
Presentations:

 - Kassa Teka Belay, Assistant Professor at Mekelle University, Ethiopia
 - Bazie Hugues Roméo, Lecturer at Ouagadougou University, Burkina Faso
 - Geraldine Matolla, Lecturer at Eldoret University, Kenya
 - Madeleine Ostwald, Associate Professor at Chalmers University of Technology, Sweden
- 6. Forest gardens in schools as a learning environment for sustainable development (in Swedish) - Östan**
Moderator: Linda Andersson, Policy officer, Agroforestry and Sustainable Agriculture, Vi-skogen
Presentations:

 - Johanna Johansson, Teacher at Holma Forest Garden, Höör, Projekt Bärfis
 - Ellen Almers, Researcher at the School of Education and Communication, Jönköping University
 - Per Askerlund, Associate Professor at the School of Education and Communication, Jönköping University
- 7. Nuts in agroforestry systems (in Swedish) - Sunnan**
Moderator: Oscar Franzén, Swedish co-ordinator for Strategies for Organic and Low-input farming to Mitigate Climate Change (SOLMACC)
Presentations:

 - Philipp Weiss, Author and grower at Puttmyra Forest garden, Permakultur Stjärnsund
 - Britta Nylinder, Holma Forest Garden, Höör (tbc)

Session 3 – Friday, November 17th 10.30-12.00

8. Interesting species and varieties for agroforestry in Sweden (in Swedish) - Loftet

Moderator: Oscar Franzén, Swedish co-ordinator for the EU-project Strategies for Organic and Low-input farming to Mitigate Climate Change (SOLMACC)
This session will be organized as an open space event.

9. Processing of harvest from perennial crops (in Swedish) - Sunnan

Moderator: (Linna Asplund and Johanna Johansson)

Presentations:

- Ragni Andersson, Leaf protein, Svensk Streetfood
- Annevi Sjöberg, Author and grower in Permakultur Stjärnsund
- Marcus Nordgren, Svensk Fava and PoliCulture (tbc)

10. Experiences from research and development projects on agroforestry, how do we proceed? (in Swedish or English) – Loftet

Moderator: Johanna Björklund, Senior Lecturer at the School of Science and Technology, Örebro University

Presentations:

- Karin Eksvärd, Project co-ordinator for the research project: Sustainable food production in Sweden – to grow and eat from perennial intercropping systems
- Linda-Maria Mårtensson, Project leader for the Agroecological Field Experiment within the Swedish Infrastructure for Ecosystem Science (SITE) (tbc)
- Kjell Sjellin, Farmer at Hånsta Östergårde, Vattholma, project member in the EU-project: Strategies for Organic and Low-input farming to Mitigate Climate Change (SOLMACC) and the research project Sustainable food production in Sweden – to grow and eat from perennial intercropping systems
- Henrik Brundin, Deputy Chief Executive Officer at Vi-skogen and Board Member in Agroforestry Network
- Rebecka Törnqvist, PhD. Project leader for a research project funded by The Royal Swedish Academy of Agriculture and Forestry: Limitations and possibilities in edible forest gardens
